Advert One

# AlShawaf International Company

# Our Services

As a part of our commitment to provide total solutions, we provide all the infrastructure, hardware, networking and connectivity solution and deals in a wide range of hardware right from Desktops, Laptops, Servers to Handheld devices and peripherals like Laser Printers, DeskJet Printer, Dot Matrix Printers, Scanners, Projectors, CCTV cameras , Access control and Time attendance systems. With our strong partners we provide flexible computing solutions to large corporates, government and educational institutions.

# Network Infrastructure

A structured cabling system provides a platform upon which an overall information system strategy is built. Our experienced and dedicated team provides an 'end to end' service from design to implementation. We design and build cabling infrastructure systems that support multiple voice, data, video and multimedia systems. We will help you evaluate, design and install the optimum integrated system for your company. We provide infrastructure cabling of the highest quality, to ensure that your networks run at full wire speed and maintains the highest possible availability

# Network Security

Information security is a business concern for all organizations. With security threats increasing in number and sophistication, organizations want to gain protection, control, and visibility over their security systems, preventing incidents and threats that disrupt productivity, impact customer relationships, and erode profits. Our system approach to security enables tighter integration with the network delivering better overall security. An integrated, collaborative & adaptive approach uses the network to provide consistent and thorough protection to all parts of the organizational infrastructure.

# Enterprise Wireless Solution

Today, wireless LAN is fast becoming all-pervasive. At homes, a broadband modem connection is shared by multiple thro' wireless LAN. With increasing LAN speeds and reducing costs, business prefers Wireless LAN. We provide complete range of indoor and outdoor wifi solution , managed access point controller providing a range upto a minimum of 40kms.

# CCTV and Video Surveillance

We deal with different industry leader vendors in CCTV like, D-LINK, INTGRASYS, ACTi, etc. for its Security camera solutions. our video solutions incorporates cutting edge technology in complete video surveillance systems which include such components as IP domes, high-performance security cameras, video analytics, matrix switchers, multiplexers, keyboards and accessories. We also deal in IP Cameras solutions for watching your office from anywhere through the internet or via VPN.

# Access control & Time Attendance System

With quality and customer satisfaction as our forte, we provide time attendance and access control unit, that is primarily used to have an efficient and quick system to monitor the time IN and time OUT of the office employees.
